School Description

Willard Elementary School is a 2014 Title 1 Distinguished school. Willard serves approximately 330 students from Transitional Kindergarten through sixth grade. Approximately 25% of our students are designated as English learners. We are fortunate to have a Federal Head Start Program on our campus. We develop leadership among our students by teaching and practicing the 7 Habits of Effective Leaders. In addition, the PBIS program is a central pillar in our school. In tandem with PBIS and the 7 Habits, we are creating a strong leadership model that will foster a positive climate where character building and academic skills will be developed and enhanced to a higher standard.

Mission Statement: The staff at Willard Elementary School is committed to the belief that all students can succeed, and we are dedicated to providing them with the skills necessary to be better prepared for their future in a changing society.

The staff at Willard strives to create a community of academically enriched and technologically adept children, with positive social and ethical values, thus enabling them to become productive lifelong learners in an ever changing culturally diverse society.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

Garvey School District adheres to California Education Code which requires that each student, including English Learners and those in special day classes, have a State-adopted, standards-based textbook/application for use in the defined subject areas of English/reading/language arts, history-social science, mathematics, and science. Students must be assigned a single textbook/application in each subject that they can use both at home and in class. Instructional materials at Garvey School District support the curriculum, the California frameworks and California Standards, and instructional strategies; comply with California Education Code requirements regarding the evaluation of materials; and are deemed appropriate for the grade, ability, language proficiency, and maturity level of students being taught.

School Facility Conditions and Planned Improvements (Most Recent Year)

Based on a recent site inspection conducted during the month of January 2020, school grounds, classrooms, offices, cafeteria, library and restrooms were all found to be in good condition. No repairs were needed. Ongoing maintenance and upgrading efforts will be made to ensure proper facility management.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	47	N/A	59	N/A	50	N/A
Math	54	N/A	58	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parents, guardians, and community members are an integral part of the support system for Garvey School District students and have a multitude of ways in which they can get involved to contribute to students' educational experience. Maintaining constant communication with their child's teacher(s), attending Parent/Teacher Conferences, participating in Back-to-School Night and Open House, staying informed through notices, memos, phone calls, social media, and newsletters are other examples of involvement.

In accordance with Title 1 regulations, our school jointly develops with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and engage in a partnership to help children achieve the State's high standards.

There are ample opportunities for parents to participate in the governance of the school by joining any of the many committees such as School Site Council, ELAC, School Advisory Committee, and District Level Committees as well.

The purpose of the ELAC (English Learner Advisory Committee) is to advise the principal and school staff on programs and services for English learners and the School Site Council on the development of the School Plan for Student Achievement. Representatives from this group attend monthly DAC/DELAC meetings facilitated by Learning Support Services.

The SSC (School Site Council) is a team of the principal, teachers, other school personnel, parents and community members who are elected that develop the mission and goals for the improvement of an individual school community. School Site Council evaluates the effectiveness of the school plan and revises it based on data collected throughout the year. This group meets 4-5 times each year.

In addition, parents can take advantage of the numerous parent workshops that are provided by Learning Support Services on topics from parenting, academic achievement, children's social emotional needs, to school funding. It is always a pleasure to welcome parents/guardians to student performances, student recognition assemblies, and school functions and events. We appreciate your support and partnership.

During the 2019-2020 school year, Willard parents participated in the following: School Site Council (SSC), English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA) and in the classroom as volunteers. We also had parents who participated at the District level DAC and DELAC. Willard has 2 home school community coordinators who provide information to all families concerning opportunities for parent involvement. The District also has a district home school community services specialist who organizes ongoing parent involvement activities at the Parent Education Center. Willard hosts a Back to School Night as well as Open House to allow the parents to visit the various classrooms. Literacy nights and Science nights were held to bring families together. PTA also hosted school-wide events in the Fall, Winter and Spring. Parent conferences are held at least twice a year to share the growth of their students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Willard Elementary has a comprehensive school safety plan that is updated annually by the School Safety Committee, and the School Site Council as well as outside community resources (Fire Department and Sheriff Deputy). This plan details measures for staff and students to implement during emergency situations. The Willard staff and students participate in practice drills on a monthly basis for one of the following emergency events: fire, earthquake, shelter-in-place, and lockdown. We also take part in an annual District Wide Earthquake drill.

The District Discipline information was distributed to parents through parent meetings and PBIS (Positive Behavioral Interventions and Supports) parent meeting. PBIS matrix and incentives include items specific to Willard School. Classroom and school rules were discussed with students, posted, and shared with parents during Back-to-School Night. The District provided Safety Programs (PBIS), as well as STAR (Success Through Awareness and Resistance) education classes for 4th to 6th graders led by LA County Sheriff Deputies focusing on drug, gang and violence prevention. District Counselors and Behaviorists work with the students to sustain programs

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Garvey District is committed to providing high quality professional learning for administrators, teachers, classified staff and parents that is aligned to the District's Mission and Vision. District teachers and support staff participate in Professional Development Days that are driven by student achievement data, staff learning needs, and research-based best practices. Three District-wide days of professional learning and collaboration are concentrated around our academic and whole-child focus areas with an emphasis on English Learners, Foster Youth, and Low-income Pupils. These focus areas are in direct alignment with federal, state, and district student achievement academic goals. Additionally, they drive effective instructional interventions to promote students' academic growth. Each site's professional development plan is designed collaboratively to address identified student achievement and staff needs that are aligned to the District's focus areas as indicated in each site's School Plan for Student Achievement (SPSA).

The District's Resource Teachers (DRTs) support District instructional initiatives and compliance efforts around English Learner services and Significant Disproportionality. A team of veteran teachers serve as the District's teacher support program mentors for Garvey's Teacher Induction Program for participating teachers in the process of clearing their credential. These programs support the training, development, and retention of high quality

teachers using current research on effective teaching and grounds what they are learning in daily practices. Garvey administrators, teachers, and District Certificated staff also engage in regular Professional Learning Community opportunities to grow and learn collaboratively with peers.”

Learning Support Services Department provided numerous opportunities for professional development throughout 2019-20 school year to align lessons to common core standards. Topics included: trainings on ELA Benchmark Advance, Go-Math, Core English Language Development, Collaborative Lesson Planning, Social Emotional Learning and Using Technology in the Classroom. Each school identified areas based on student achievement data and focused teacher professional development in providing effective first instruction in these key areas. Willard teachers participated in weekly Professional Learning Communities to collaborate and implement instruction aligned with the district plan. Professional Conferences were offered to teachers to increase their knowledge of strategies to meet the needs of all students.

Types of Services Funded

The school provides a wide range of programs and supplemental services to meet the learning needs of individual students in order to develop their full potential. They include: 1) the standards-based core program for all students that are supported by the district-adopted curricular materials; and 2) supplemental services for identified students that are funded by programs such as special education, and other categorical programs, including programs for below grade level students, English learners and Migrant Education students. Students are serviced during school hours as well as before and after school.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
